

New Student Information

Martial Art Tracks We Offer

KARATE: (Ages 5+)

A martial art that uses 50% hands, 50% Feet, as well as basic ground techniques. Karate sparring is continuous medium contact wearing head, hand, and feet gear.

KRAV MAGA: (Ages 13+)

A straight forward reality based self-defense system developed for use by Israeli civilian, police, and military. Curriculum covers environmental, psychological, and physical training as well as armed and unarmed attackers.

OLYMPIC TAEKWONDO: (Ages 5+)

A martial art using 90% Feet and 10% Hands. Olympic Taekwondo sparring is continuous full contact sparring (as seen in the Olympic games) wearing head, forearm, shin/instep, and chest gear.

KUNG FU: (Ages 5+)

A traditional martial art using 90% hands and 10% feet, as well as traditional weapon combatives. This is a non-sparring track.

MONTHLY DUE\$:

\$80 per month (\$75 per month if automatic draft) due at the first of the month. *No family pays over \$205 per month!*

There is a one-time equipment fee of \$25 to help replenish wear and tear on our equipment (each additional family member is \$15 but no family pays over \$60).

Impact 360 has no contracts!

Impact 360

Who we are and what we do:

Impact 360 is a 501 (c) 3 nonprofit organization founded in 2005. We began Impact 360 to provide a value-based, holistic approach which provides high level instruction to teaching martial arts (that is the 360 in our name). So we determined to create a family-friendly program that is accepting of all people. Our first five students quickly turned into 100 over the course of our first three months of existence and from there blossomed into 200, becoming the largest martial arts school in the state of Arkansas. We currently have four locations (Searcy – our base, Augusta, Conway and Chillicothe, MO).

We champion building bridges in communities, developing leaders, we believe in equality for all, justice, peace, and helping those in need. We therefore welcome all people into our organization.

What makes us different?

Our approach to martial arts is unique. We expect students to study the martial arts for their own development as well as the development of others. Our goal is teaching basic values along with martial arts in terms of how to be a good person. Students are expected to be honest, respectful, kind to others, successful in school, and to pursue healthy relationships.

When students come to class they don't attend just for themselves. Each student trains to make himself or herself better at what they are doing but are also expected to be there for others. As a student moves up in rank they are taught to be mentors to others and befriend those who are downhearted, bullied, suffering, and hurting. Fighting is strictly prohibited and is not tolerated. If you have a child with aggression problems we can help stop the fighting in a caring and helpful manner. We always teach the peaceful way only using your martial arts training when necessary to keep from being harmed.

What do we offer?

We offer excellent training in the martial arts whether you are a recreational student or one who wants to compete at a high level. We also offer tutoring free of charge to any of our students. We work with parents who have children with behavioral problems or special needs and regularly receive referrals from doctors for students with specific needs. Our type of training is ideal for those with ADHD. If you have a problem with bullying we can help constructively solve the problem including involving teachers and the school attended if need be. If any of our students or families need counseling we can refer you to agencies we are partnered with who can help.

Grades of students will improve at least a letter grade with regular attendance and training. Martial arts are good for developing discipline, confidence, fitness, focus, self-control, and respect while learning a lifelong skill.
