ADDITIONAL NOTES (Administrative Use Only)

(Please remove and keep this sheet for your records)

BEGINNING INFORMATION

1. Each student is required to have 80% attendance in regular classes and 50% in sparring classes to be eligible to test. Testings occur every 3-4 months. This accounts to missing no more than 4 classes (or two weeks). Only two classes can be made up within the two weeks before testing. Be sure to sign in everyday you are at classes. The sign in table is on your left as soon as you enter the doors to the building.
2. If a student forgets any part of their uniform (including the belt) it is 50 pushups. Even young students are responsible for gathering their uniform for classes.
3. Be sure to sign up for a Mat Setup Group when you fill out your application (the sign in table worker will slot you into a group). Each student is required to attend mat setups to earn their yellow tip (the attendance and mat setup tip). This will mean you need to give one hour or less on Sunday afternoons once every 4-5 weeks. To see when your group is up please check the hallway board or staff at the sign in table.

*** Please be sure to contact your group leader if you are unable to make a mat setup. When you make up your setup time be sure to contact your group leader as well as the group leader's time you will be attending as different groups have different setup times. ***
4. Students are required to bow upon entering the doors to the training room. Students are also to bow before stepping on or off the mat. If you arrive late be sure to stand to the side of the mat and raise your hand until an instructor gives you permission to come on to the mat.
5. "Yes, ma'am" and "Yes, sir", are to *always* be used in response to a command from any student or instructor leading classes.
6. Instructors of your class will "ok" you for sparring when they think you are ready. It is acceptable to ask your instructor if you are ready. If you are not they will tell you what you need to do to get ready. You must have a minimum of one to two classes before you have permission to spar and with the consent of your instructor.
7. Impact 360's first goal is the safety of the student. Our instructors are highly trained and have much experience in the martial arts. Please refrain from coaching your child from the side.
8. Impact 360 requires you to purchase your own gear within three months of your start date. See one of our workers or instructors for more information. More information is also available at the sign in table. We have created a school catalog with all acceptable gear for sparring as well as our prices.
9. Please refrain from calling instructors off of the mat during classes unless it is an emergency. Wait until before or after classes to speak to instructors or an appointment time can be made outside of class times.
10. With the exception of approved mat shoes no shoes are to be worn on the mat.
